# Chat Pack

## CNR-CP12

The chat pack CNR-CP12 is a simple and user-friendly solution for Internet communications; all you need is in one box! This bundle includes a 2.0 Megapixels USB webcam with CMOS sensor offering high quality video calling. This webcam features a five-layer glass lens with a viewing angle of 70 degrees, face tracking software, a digital zoom function and an automatic brightness adjustment, white balance and color compensation. A convenient clip enables you to secure the webcam to the LCD monitor of your desktop computer or laptop, but it can also be positioned stably on a flat surface. The CNR-CP12 also provides you with a lightweight stereo headset featuring soft ear pads and an adjustable headband for a comfortable fit, and a flexible microphone offering a clear sound quality. This chat pack is compatible with the major instant messaging programs like MSN or Skype, as well as with all Windows versions available including XP/Vista/7.
